Community College Funding

- ▶ **The 2018-19 State Budget Act included the passage of the Student Centered Funding Formula (SCFF)**
 - ▶ The funding formula for 2021-2022 is broken down into three categories:
 - ▶ Full Time Equivalent Students (FTES) (70%)
 - ▶ Based on a three year average of full-time equivalent students (FTES) reported for prior prior year, prior year, and current year
 - ▶ Types of FTES: Credit, non-credit, special admit, incarcerated, and career development and college preparation (CDCP)
 - ▶ Supplemental Allocation (20%) (Student Need)
 - ▶ Number of students participating in the Pell Grant and California College Promise Program and AB 540 students
 - ▶ Student Success Allocation Metrics (10%)
 - ▶ Based on a three year average of the number of students meeting a more broadly-defined set of success outcomes
 - ▶ Types of Success Metrics: Associate degrees, associate degrees of transfer, baccalaureate degrees, credit certificates, nine or more CTE units, transfer to four year institution, transfer level math & English, regional living wage
- ▶ **The [Student Centered Funding Formula Dashboard](#) can be found on the CCCCCO website.**

Total Computational Revenue (TCR)

- ▶ **Equals the total value of the calculated SCFF**
- ▶ **Actual payment of the SCFF comes in 4 parts**
 - ▶ Enrollment Fees (98% of enrollment fees; 2% stays at the District/College)
 - ▶ Property Taxes
 - ▶ Education Projection Account (EPA)
 - ▶ Proposition 30 - The Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012, temporarily increases the state's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers.
 - ▶ Proposition 55 - Approved by the voters in November 2016 and extended the temporary increase in personal income tax for twelve years.
 - ▶ Apportionment (from State General Fund)
 - ▶ The TCR owed to the District/College not covered by the 3 other components of the calculation
 - ▶ May be reduced by a deficit factor
- ▶ **Reported on the Exhibit C - Located on the CCCCCO website**

 - ▶ Activity
 - ▶ This is mandated information and is used to identify the discipline
 - ▶ Object Code
 - ▶ Indicates the type of account (asset, liability, equity, revenue, expenditure) and its purpose
- ▶ **At YCCD, there is a 21 digit account code. The account code structure is as follows:**

College Budget Development

- ▶ **Review and clean up permanent positions listing**
 - ▶ Pay close attention to vacancies and growth positions
 - ▶ Identify positions that need to come off of restricted funding sources
- ▶ **Remove any one time allocations**
- ▶ **Obtain Part-Time/Overload Budget from Vice President of Instruction**
- ▶ **Review historical activity to address excess allocations as well as shortfalls**
- ▶ **Address known cost escalation for multi-year contracts/leases**
- ▶ **MJC recently created a College Resource Allocation Model to link requests from program review to funding allocations.**
 - ▶ The college will be utilizing any unobligated unrestricted and restricted general fund money, as well as prior year unrestricted general fund savings (as outlined in the District Resource Allocation Model).
 - ▶ First use of the College Resource Allocation Model will be used this Fall after program review is complete.

Budget Monitoring

- ▶ Once the budget has been established, it is important to monitor the budget throughout the fiscal year to make sure it continues to be in line with the original intent.
- ▶ Work with your District/College Administration/Fiscal Team to identify the monitoring/reporting tools at your institution.
 - ▶ For example: YCCD utilizes CROA, Crystal, and Colleague reports
- ▶ It is recommended to review your budget monthly to make sure the expenditures posting to your budget are correct.
 - ▶ For example, you may have a position that should not be charged to your budget or an expenditure that was posted to the incorrect object code
- ▶ **Word to the Wise - Keep track of your District/College's year end dates. It is likely the cutoff for purchases is well before June 30th.**
 - ▶ Plan accordingly so you have everything you need to get through the end of the fiscal year.
 - ▶ If you do not have your purchase orders in before that cutoff date, you will miss the opportunity for year end purchases.

Compliance

- ▶ **Below is a sample of various compliance requirements a District must follow:**
 - ▶ 50% Law
 - ▶ Faculty Obligation Number (FON)
 - ▶ GANN Limit
 - ▶ Annual calculation that is approved by the Board of Trustees of a District
 - ▶ Limits the growth in appropriations made by the state and individual local governments
 - ▶ Absent specific policy decisions to exempt spending from the GANN Limit, half of the revenue above the limit must be returned to the taxpayers with the other half going to K-12 and community colleges.
 - ▶ Since its passage in 1979, the GANN Limit has only been triggered once.
 - ▶ The second trigger is happening in the 21-22 fiscal year.

50% Law

► What is it and how is it calculated?

- Education Code Section 84362 requires that each fiscal year, the District must expend a minimum of 50% of the Current Expense of Education (CEE) for “Salaries of Classroom Instructors”.
 - Per Title 5, Section 59204, Salaries of Classroom Instructors are:
 - (1) the portion of salaries paid for purposes of instruction of students by full-time and part-time instructors employed by the District.
 - (2) all salaries paid to classified District employees who are (a) assigned the basic title of “Instructional Aid” or other appropriate titles designed to denote the employees’ duties include instructional tasks and (b) employed to assist instructors in the performance of their duties, in the supervision of students, and in the performance of instructional tasks.
 - Salaries of Classroom Instructors include the proportionate share of all benefits provided to these instructors and instructional aides.
- CEE includes expenditures 1XXX through 5XXX and Equipment - Replacement for activities 0100 through 670 in the unrestricted general fund.
 - CEE excludes expenditures for activity 64XX, Other Student Services - Other (student transportation) and amounts expended for the lease of plant and equipment.

50% Law

► What is it and how is it calculated?

Numerator	Denominator (CEE)
Instructional Salaries & Benefits (Activity 0100 - 5900 & 6110)	Non-Instructional Salaries and Benefits (Activity 0100 - 6799)
Instructional Aides Salaries & Benefits	Supplies and Materials

Rents and Leases (Object 5060)

50% Law

- ▶ **Why do we have to calculate it?**
 - ▶ Ed. Code requires it!!
 - ▶ Auditors audit the calculation annually
- ▶ **If 50% law minimum is not met, a District can apply for a waiver from the Board of Governors.**
 - ▶ If the waiver is not approved, the District will have to pay the amount of apportionments equal to the apparent deficiency in District expenditures.
