MONDAY MOTIVATION

We need Your Monday Motivational Videos!

Experts have said that one of the best things we can do during this challenging time is to stay in touch with one another, and a weekly shout out to colleagues is a GREAT way to do that!

We hope you will allow ACCCA to help get your message out there as well! These brief videos can be as simple as telling someone to hang in there, recommending a good book or webinar, or describing a best practice that's working for you at the moment. Just a minute to two minutes max, these videos can come from your phone or desktop and don't need to be high production value documentaries. **Click here** to view an information sheet describing how you can easily make and submit your video today!

Last Call for Mentor Program Applications

The **ACCCA Mentor Program** is a statewide, year-long learning opportunity that provides an invaluable personal and professional development experience. Program participants are selected for demonstrating a potential for expanded leadership roles in their current, or future, responsibilities within the California community college system.

Due to the current pandemic, ACCCA has transitioned all professional development programs to a virtual format. While this may not be an ideal situation to build relationships between mentors and mentees, our program team leaders along with the mentors have worked tirelessly to provide a rich and engaging synchronous learning environment that equips attendees with tools needed to succeed navigating through this pandemic and beyond.

Participants for the Mentor Program are selected by multiple criteria including a

potential for expanded leadership roles in their current, or future responsibilities with the California community college system.

Our virtual program will include 35 hours of training from experts in the field on topics including, but not limited to:

- Resume Dos and Don'ts
- Interview Dos and Don'ts
- Crisis Leadership
- "Leading with Excellence and Purpose"
- "Leadership Expectations During and After the Pandemic"
- "So You Want to be a VP?" *(two-part training)*
- "So You Want to be a President?" *(two-part training)*
