

ACCCA IS YOU!

MONDAY MOTIVATION

Good morning ACCCA Members!

Today we are releasing our [Equity Statement](#), first to all of you, and later this week to each of our stakeholders, affiliates and appropriate state agencies.

This statement is the result of the outstanding work of our Board's Equity Team and led by Board Members Dr. Stacey Shears, VP Student Services, Berkeley City College and Dr. Joshua Moon-Johnson, Dean of Student Services, Library & Learning Resources, American River College.

The content of the statement has been vetted by a focus group of your fellow members, and it reflects our collective commitment to a diverse, equitable and inclusive Association that embraces and provides a safe place for all, and uses its voice to stand up for the marginalized.

This statement is a living document that will evolve as we do, with your guidance, and with the expectation that you will hold us accountable for living up to the standard we set by these words. This work will continue, and the culture that it symbolizes must be reflected in every action taken, every event or program produced, and every position advocated for on your behalf.

This is an invitation for you to join us in that work. If you would like more information about the development of this statement, or how to get involved in the work of ACCCA, please let us know. Have a great week and stay well!

Susan Bray, Executive Director
