

ACCCA – GREAT DEANS

FRISK® Case Study

Bad Video Scenario

Lucy Movie is a history instructor at Los Locos College. You are Ms. Movie's dean and immediate supervisor. On May 10, you discovered that Ms. Movie showed her students material from the series, *Game of Thrones*. The series contains very graphic sexual content, nudity, and profanity, so you have determined it is unsuitable for the minors enrolled in Ms. Movie's class, and is not related to instructional activities contained in Ms. Movie's syllabus.

Ms. Movie has previously shown inappropriate videos to her class, which resulted in your receipt of some informal student complaints. As a result, you had verbally instructed her on February 4 to only use videos that are related to the instructional program and to not include any graphic sexual content, nudity, and profanity that would be inappropriate for minors (e.g., dual enrolled students).

You are aware that the majority of students enrolled in Ms. Movie's class are on the verge of receiving a grade of "D" or "F."

Based on Ms. Movie's conduct, you decide you need to write her up.

1. *Do you have all the information you need to proceed?*
2. *What level, within progressive intervention, is appropriate?*
3. *Outline the write-up using the FRISK® Performance Feedback Model.*
