

**ACCCA RECOGNITION PROGRAM
CHRONOLOGY OF AWARD RECIPIENTS
Rev. September, 2022**

THE HARRY BUTTIMER DISTINGUISHED ADMINISTRATOR AWARD

First presented in 1986, the "Buttimer" is the Association's oldest and most prestigious award. Named for the late Harry Buttmer, a founding member of ACCCA, the award symbolizes the qualities that he was known for--integrity; principle; compassion; strength in leadership; contributions to colleagues, their profession and their college district and community.

A nomination for the Buttmer Award requires strong evidence of the above characteristics and substantial support by one's peers. Final selection of the winner is made by the award selection committee. As you review this list of previous winners you get a sense of the history of ACCCA and of the community college system of California. Previous winners of this award are:

THE MERTEES AWARD

Since 1997 ACCCA has honored the author(s) of a substantial research project that has significantly contributed to our understanding of the effectiveness of community colleges and higher education. The purpose of the Mertes Award is to acknowledge and honor outstanding research--either a dissertation or topic-specific project--on community colleges and encourage continued research on substantive issues facing higher and/or community colleges.

The recipient(s) of the award will be selected by a review committee of the ACCCA Board in consultation with a representative of the Research and Planning (RP) Group.

Following is the criteria for selection. Author(s) of research completed within the previous two years are eligible for the award. Nominations may be made by either the nominee's colleague(s) or by organizations. Individuals may also self-nominate. The nomination must include an abstract (1-2 pages) and executive summary (not more than 20 pages) of the research project. The committee may request additional information if needed.

The announcement of the award will be made at the conference during the awards banquet at the ACCCA Conference. The winner(s) will be presented with a certificate and a cash award of \$500 from the Mertes Award Fund. The research abstract will be published by ACCCA, and recipient(s) will have their name(s) engraved on the perpetual plaque kept at the ACCCA headquarters in Sacramento and displayed annually at the Conference.

THE ACCCA AWARD FOR PROGRESS IN DIVERSITY

The ACCCA Award for Progress in Diversity was developed by the MDC and Board to recognize administrators who have contributed to the progress of the concept of diversity, equity and inclusion on a campus or within the institution.

The nexus for the award sprung from the anti-affirmative action efforts in the state which were threatening to reverse the tremendous progress that had been made toward more tolerance and diversity on the campus.

Previous winners of the Diversity Award are:

ACCCA BUSINESS PARTNER OF THE YEAR AWARD:

In 1998 ACCCA entered into a partnership with Xerox to create a mutual benefit membership for companies that do business regularly with community colleges. The idea hit home with companies based in California, nationally and globally and today, ACCCA maintains a membership program for many companies representing many different genres of services and products. Their membership in ACCCA provides them with access to potential clients and a forum in which to display their products and services to that market.

Business Membership in ACCCA also provides companies with new insights into the real needs and intricate operations of the community college system. These insights have resulted in new products and services, and new ways of doing business that have benefited their companies but also the community colleges and districts in California.

In 2000 Xerox became ACCCA's first *Corporate Partner of the Year*. Since then the following business members have followed Xerox to be recognized by the Association for their leadership in our industry and their volunteerism and in-kind contributions to the Association and its members.
